Why Leading Institutions Choose BEGELL HOUSE

Accelerate Discovery

Support faculty, PhD students, and R&D teams with 40+ years of peer-reviewed data, society proceedings, and multimedia tools designed to drive innovation.

Power Student Learning

Help students visualize complex theories in thermodynamics, combustion, fluids flows, and more with 220+ lab-grade videos in our Visual Gallery.

Maximize Budget Value

Save over 75% compared to individual subscriptions - with full archive access included - by consolidating research needs into one cost-effective collection.

Access Exclusive Content

Begell publications are only available on our platform - offering unmatched depth in thermal sciences, aerospace, nuclear engineering, and biomedical-engineering intersections.

Key Features and Benefits

- **Comprehensive Access:** Over 47,000 peer-reviewed articles and chapters
- **Extensive Discoverability:** Indexed in Web of Science, Scopus, Chemical Abstracts (CAS), INSPEC, and more
- **Powerful Tools:** Advanced search and citation tools (EndNote, RefWorks) with Crossref and Google Scholar integrations
- **Accessible & User-Friendly:** WCAG-compliant with multilingual interface
- **Supported Standards:** COUNTER 5.1 reporting and access via Shibboleth and OpenAthens
- **Long-Term Preservation:** Perpetual access with each purchase and content archiving through Portico

COLLECTION HIGHLIGHTS

Thermal-Fluids & Heat Transfer

- Annual Review of Heat Transfer **SCIE Indexed**
- Journal of Enhanced Heat Transfer **SCIE Indexed**
- Interfacial Phenomena & Heat Transfer **ESCI Indexed**

Nuclear, Energy & Environment

- Int. Journal of Energy for a Clean Environment
- High Temperature Material Processes **ESCI Indexed**
- Nanoscience and Technology **ESCI Indexed**
- Catalog of Worldwide Nuclear Testing

Aerospace, Propulsion & CFD

- Int. Journal of Energetic Materials and Chemical Propulsion **ESCI Indexed**
- TsAGI Science Journal
- Computational Thermal Sciences **ESCI Indexed**
- Int. Journal of Uncertainty Quantification **SCIE Indexed**

AI, Computational Modeling & Telecommunications

- Journal of Machine Learning for Modeling and Computing **ESCI Indexed**
- Int. Journal for Multiscale Computational Engineering **SCIE Indexed**
- Telecommunications and Radio Engineering

Biomedical Engineering & Materials Science

- Critical Reviews™ in Biomedical Engineering
- Composites: Mechanics, Computation, Applications **ESCI Indexed**
- Plasma Medicine
